EXT.ANGELICA'S CASTLE.EVENING

ANGELICA(19)Her grace shows through her posture and standing. Her long blonde hair that gracefully lays on her side shining like her golden status.

Electra(17)Electra looks up to her sister but never likes to be second place to her. She waers a darker colour sceme to contrast her sisters lighter colour sceme.

Angelica looked out at the land below the clouds. Electra comes behind her as she looks in the same direction as Angelica.

ELECTRA

Ruling again? You've been doing this all day. Maybe...you know...chill with me?

Angelica turned her head to look at her sister.

ANGELICA

Well...I've got to keep an eye on my kingdom and make sure things are in order. If I turn away things might just turn to chaos.

Electra moves closer to the edge.

ELECTRA

Well it doesn't look that bad to me?

Angelica looks back out at the land below.

ANGELICA

Well, You don't understand how this works yet.

Electra scoffs.

ELECTRA

(Mumbles)

Well if you taught me more I'd be able to understand.

INT.ELECTRA'S ROOM. BEDROOM.EVENING

Electra walks to her room where she looks over at a photo of her family.She then sighs and looks down saddened. The photo is ripped of the right side with only a tiny bit of blonde shown at the tare.

EXT.ANGELICA'S CASTLE.AFTERNOON

Electra walks over to Angelica who is sat on her thrown as she is looking out at the below.

ELECTRA  
So, your here again today...you  
know you should not be working  
while in morning?

Angelica sighs and looks over at Electra with a slightly  
irritated expression.

ANGELICA  
You need to learn that a queen  
never stops her responsibility's.

Electra glares at Angelica.

ELECTRA  
(Irritated)  
Your just doing this because you  
want to do better then mum ever  
did!

Angelica's eyes widen as she then glared at Electra back  
with a tear going down Angelica's face.

ANGELICA  
(Irritated)  
How dare you mention her! She has  
nothing to do with me!

Electra looks down at the floor as she then sighs.

ELECTRA  
...sorry...

Angelica looks back at the below.

ANGELICA  
(quietly)  
Leave me alone.

Electra slowly looks back to Angelica.

ELECTRA  
Why won't you be there for me.

Electra walks a step closer to Angelica.

ANGELICA  
Goodness didn't I tell you to leave  
me alone?

Electra steps back and glares at Angelica the scoffs.

ELECTRA  
(Mockingly)  
Yes...your majesty.
